Re: Notice of Data Security Incident

Dear Attorney General Neronha:

I am writing on behalf of my client, DentaQuest LLC, ("DentaQuest") a dental and vision benefits provider with a principal place of business located at 96 Worcester Street, Wellesley Hills, MA 02481. I am providing notice of a data security incident involving at least 1,000 Rhode Island residents. DentaQuest has also notified the United States Department of Health and Human Services, Office of Civil Rights of the incident, because the data included Protected Health Information ("PHI") under the Health Insurance Portability and Accountability Act ("HIPAA"). Following the requirements of HIPAA, notification is being mailed to impacted individuals beginning on July 17, 2026.

On May 20, 2026, DentaQuest became aware of an unauthorized third party ("Threat Actor") claiming to be in possession of data allegedly originating from DentaQuest. DentaQuest immediately engaged outside legal counsel, Nutter, McClennen & Fish ("Counsel"). Counsel engaged CrowdStrike Services to conduct an independent investigation to assess the nature, scope, and extent of Threat Actor activity within the DentaQuest environment.

The investigation revealed that unauthorized access to a limited portion of the DentaQuest network occurred as a result of a social engineering attack which tricked a single employee into providing credentials and multifactor authentication code to the threat actor in violation of company policy and procedures. The incident began on May 17, 2026, and all Threat Actor activity concluded on May 19, 2026. During this period, the Threat Actor accessed and exfiltrated data from a DentaQuest network file share. DentaQuest operating systems were not affected by the incident.

The investigation did not identify evidence of any additional compromised accounts within the DentaQuest environment, nor did it uncover any evidence of malware or ransomware deployment, privilege escalation, or additional persistence mechanisms established within the

DentaQuest environment during the period of Threat Actor activity. DentaQuest implemented containment measures on May 20, 2026, and monitoring of the DentaQuest environment since that date has not identified evidence of further Threat Actor activity. DentaQuest informed the FBI about the incident on May 21, 2026. On May 29, 2026, DentaQuest learned that the Threat Actor had posted the exfiltrated data on the dark web.

DentaQuest also engaged Kroll Associates, Inc. ("Kroll") to review the data accessed by the Threat Actor to determine whether it contained any personal information or protected health information, and if so to identify the individuals whose data was impacted. Kroll's data mining effort is ongoing.

On June 29, 2026, Kroll provided DentaQuest for the first time with initial information about some of the impacted individuals. The impacted data included names, dates of birth, social security numbers, Medicare and Medicaid identification numbers, health plan numbers, as well as information about dental and vision health, such as diagnosis, treatment, and billing information. Kroll is continuing to review the relevant data to determine if any additional individuals need to be notified. We are currently aware of more than 15 million individuals nationwide whose PHI was accessed.

A copy of the written consumer notice letter is attached. Two years of credit monitoring services have been offered to the affected individuals. Substitute notice is also being provided pursuant to 45 CFR § 164.404(d)(2). Media notice is being provided pursuant to 45 CFR § 164.406. We are also notifying the three major credit reporting agencies of the incident.

If you have any questions or require any additional information regarding this incident, please feel free to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "S. Berman".

Notice of Data Breach

Dear <<First_name>> <<Last_name>>,

DentaQuest works with, or used to work with, your health plan to provide your dental or vision benefits. We are writing to tell you about a data security incident. Your personal information was accessed by unauthorized individuals. The safety of your information is very important to us. We are writing to tell you what happened and what you can do.

What happened?

On May 20, 2026, DentaQuest discovered that unauthorized individuals accessed certain data on our computer network. This included personal identification and dental or vision health information. We took immediate action to secure the network. We also reported the incident to law enforcement. We later learned that the incident began on May 17, 2026, and ended by May 20, 2026. We immediately began an investigation with leading, independent cybersecurity experts to learn what information was accessed. After finishing our review, we determined that your personal information was accessed and posted on the internet.

What information was involved?

The information included your name, <<b2b_text_1 (Data Elements)>> and dental or vision health information, such as provider names, diagnoses, treatments and billing information.

What we are doing.

We are offering you identity monitoring by Kroll at no cost to you for 24 months. To help keep this from happening again, we engaged cybersecurity experts and provided more employee training. We also added new security measures and increased monitoring.

Kroll is an expert at helping people whose private data has been exposed. The identity monitoring services include Credit Monitoring, Fraud Consultation and Identity Theft Restoration. To start your identity monitoring services, visit [Enroll.krollmonitoring.com/redeem](https://enroll.krollmonitoring.com/redeem).

You will need your Activation Code: <<b2b_text_5 (Activation Code)>> and Your Verification ID: <<b2b_text_4 (Verification ID)>> to enroll.

You have 90 days from the date this letter was mailed to start your identity monitoring services.

For more information about Kroll and your identity monitoring services, you can visit info.krollmonitoring.com or call 1-844-959-7163.

What you can do.

Please read the “Additional Resources” at the end of this letter. It describes more steps you can take to help protect yourself. This includes tips from the Federal Trade Commission about identity theft protection and details on how to place a fraud alert or a security freeze on your credit file.

For more information.

If you have questions, please call 1-844-959-7163, Monday through Friday, from 8:00 a.m. to 5:30 p.m. Central Time, excluding major U.S. holidays. Please have your activation code ready.

Sincerely,

DentaQuest

ADDITIONAL RESOURCES

Contact information for the three nationwide credit reporting agencies:

Equifax, PO Box 740241, Atlanta, GA 30374, www.equifax.com, 1-800-685-1111

Experian, PO Box 2104, Allen, TX 75013, www.experian.com, 1-888-397-3742

TransUnion, PO Box 2000, Chester, PA 19016, www.transunion.com, 1-800-888-4213

Free Credit Report. It is recommended that you remain vigilant by reviewing account statements and monitoring your credit report for unauthorized activity, especially activity that may indicate fraud and identity theft. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting agencies.

To order your annual free credit report please visit www.annualcreditreport.com or call toll free at **1-877-322-8228**.

You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available from the U.S. Federal Trade Commission's ("FTC") website at www.consumer.ftc.gov) to:

Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

You may obtain one or more (depending on the state) additional copies of your credit report, free of charge. You must contact each of the credit reporting agencies directly to obtain such additional report(s).

Fraud Alerts. There are two types of fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for at least one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft and you have the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. You can place a fraud alert on your credit report by contacting any of the three national credit reporting agencies.

Security Freeze. You have the ability to place a security freeze, also known as a credit freeze, on your credit report free of charge.

A security freeze is intended to prevent credit, loans and services from being approved in your name without your consent. To place a security freeze on your credit report, you may use an online process, an automated telephone line, or submit a written request to any of the three credit reporting agencies listed above. The following information must be included when requesting a security freeze (note that, if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past 5 years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, and display your name, current mailing address, and the date of issue.

Federal Trade Commission and State Attorneys General Offices. If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your home state. You may also contact these agencies for further information on how to prevent or minimize the risks of identity theft and for additional information on fraud alerts and security freezes.

TAKE ADVANTAGE OF YOUR IDENTITY MONITORING SERVICES

You have been provided with access to the following services from Kroll:

Single Bureau Credit Monitoring

You will receive alerts when there are changes to your credit data—for instance, when a new line of credit is applied for in your name. If you do not recognize the activity, you'll have the option to call a Kroll fraud specialist, who will be able to help you determine if it is an indicator of identity theft. To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

Fraud Consultation

You have unlimited access to consultation with a Kroll fraud specialist. Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

Identity Theft Restoration

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft and then work to resolve it.

Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348-5281.

You may obtain one or more (depending on the state) additional copies of your credit report, free of charge. You must contact each of the credit reporting agencies directly to obtain such additional report(s).

Fraud Alerts. There are two types of fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for at least one year. You may have an extended alert placed on your credit report if you have already been a victim of identity theft and you have the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. You can place a fraud alert on your credit report by contacting any of the three national credit reporting agencies.

Security Freeze. You have the ability to place a security freeze, also known as a credit freeze, on your credit report free of charge.

A security freeze is intended to prevent credit, loans and services from being approved in your name without your consent. To place a security freeze on your credit report, you may use an online process, an automated telephone line, or submit a written request to any of the three credit reporting agencies listed above. The following information must be included when requesting a security freeze (note that, if you are requesting a credit report for your spouse, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past 5 years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, and display your name, current mailing address, and the date of issue.

Federal Trade Commission and State Attorneys General Offices. If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your home state. You may also contact these agencies for further information on how to prevent or minimize the risks of identity theft and for additional information on fraud alerts and security freezes.

TAKE ADVANTAGE OF YOUR IDENTITY MONITORING SERVICES

You have been provided with access to the following services from Kroll:

Minor Identity Monitoring

Minor Identity Monitoring detects when names, aliases, or addresses become associated with your child's Social Security number. An alert will be sent to you when activity is detected. The presence of a credit file may be an indicator of identity theft or fraud for children who, as minors, should not have a credit history. To activate services, a U.S. Social Security number and U.S. residential address is required.

Fraud Consultation

You have unlimited access to consultation with a Kroll fraud specialist. Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

Identity Theft Restoration

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft and then work to resolve it.

Notice of Data Breach

To the Family of <<First_name>> <<Last_name>>,

DentaQuest works with, or used to work with, your family member's health plan to provide their dental or vision benefits. We are writing to tell you about a data security incident. Your family member's personal information was accessed by unauthorized individuals. The safety of your family member's information is very important to us. We are writing to tell you what happened and what you can do.

What happened?

On May 20, 2026, DentaQuest discovered that unauthorized individuals accessed certain data on our computer network. This included personal identification and dental or vision health information. We took immediate action to secure the network. We also reported the incident to law enforcement. We later learned that the incident began on May 17, 2026, and ended by May 20, 2026. We immediately began an investigation with leading, independent cybersecurity experts to learn what information was accessed. After finishing our review, we determined that your family member's personal information was accessed and posted on the internet.

What information was involved?

The information included your family member's name, <<b2b_text_1 (Data Elements)>> and dental or vision health information, such as provider names, diagnoses, treatments and billing information.

What we are doing.

To help keep this from happening again, we engaged cybersecurity experts and provided more employee training. We also added new security measures and increased monitoring.

What you can do.

Please read the "Additional Resources" at the end of this letter. It describes more steps you can take to help protect your family member. This includes tips from the Federal Trade Commission about identity theft protection and details on how to place a fraud alert or a security freeze on your family member's credit file.

For more information.

If you have questions, please call 1-844-959-7163, Monday through Friday from 8:00 a.m. to 5:30 p.m. Central Time, excluding major U.S. holidays.

Sincerely,

DentaQuest
